Dear young friends,

A Letter from Principal Ben Potts

5 June 2015
Memorial of St. Boniface, Bishop and Martyr
+ "Praise the Lord, my soul." +

A dear friend and mentor of mine, Father Keith McClellan, once told me that the lives of schools, parishes, and dioceses are all about that which is ordinary and everyday. They encompass birth to death, baptism to last rites, and everything in between. But simply because they are ordinary does not mean that they are not also extraordinary. In truth, our ordinariness was created in the image and likeness of God, and Christ became one like us. Our life as the Community of the Church, the Body of Christ, is the life of the Paschal Mystery – it is all of the dyings and risings of life that lead us toward union with one another and with the Father. In Andrean terms, as a community of faith and education, it is the life of the Red and Gold.

Now is an appropriate time for us to pause for a moment and to look at the fruits of Christ's ministry here at 5959 Broadway during these past months. By the intercession of St. Andrew the Apostle, our patron, we have much to celebrate and much to be thankful for.

From the tremendous successes of Andrean's Thespian Troupe and Spell Bowl, Academic Decathlon, Varsity Athletic teams in state competition, to the acceptance of members of the Class of 2015 into one hundred different colleges and universities, to the thousands of hours of community service our students have donated this academic year, we can continue to be extraordinarily proud of the efforts and successes of our young people. With a faith, energy, and joy deserving of respect and admiration, you – the community of students at Andrean – consistently exceed expectations both within and beyond the classroom.

Christ said that He "came that we might have life and have it more abundantly". Living the Red and Gold means having life in abundance. I am proud to be a small part of this great work of the Church, and I thank you for allowing the mission of Andrean to be part of your lives as we build the Kingdom of God together.

The mission that we share is sacred. As the Community of the Church, the Body of Christ, we are called to be a light for the world. In my opening letter this academic year, I quoted Father Jenkins, President of the University of Notre Dame, in outlining the mission of the Catholic school – "To be a healing, unifying, enlightening force for a world deeply in need". With faith, hope, and love, the life of the Red and Gold – the life of Andrean – is such a force in our homes, neighborhoods, and communities because of you.

Congratulations to the Andrean Class of 2015! Remember that you cannot even begin to imagine the wondrous plans that God has for you. As Bishop Hying preached at the Baccalaureate Mass this year, "Seek first the Kingdom of God, and everything else will fall into place".

Know that you are loved and that we are proud of you. We pray that you will live the Red and Gold in all that you do.

Yours in Christ, Our Teacher,

Benjamin Devin John Potts, MA, EdM

People are like pizza. When the delivery guy hands you the pizza box you aren't taken away by what you see, it's when you open the box and see that beautiful piece of creation inside that makes you fall in love and instantly drawn to. It's not what's on the outside that matters to me, it's what people have on the inside that i love so much and cherish with all the Divine beauties within them.

Football Tournament

State Runners-Up

Andrean's football team has had two remarkable seasons, which included 29 consecutive wins. Although State was a tough loss for the boys, the season was a success. The semi-state game was one of the most exciting games. A completely slick, muddy field made long passes difficult, but the Niners won by a field goal in the last two minutes. At half-time at Lucas Oil, the Niners were tied with the Bruins, but lost after a challenging second half. Despite the outcome, Andrean made it to Lucas Oil two years in a row with undefeated regular seasons, and their tremendous seasons make the Andrean Football team the best in Indiana.

This years spring included many beginnings and endings. The Class of 2015 said good-bye along with retiring teachers Sister Carol Ann, Ms. Stefano, and Mrs. Koteles. However, during Kairos, many new friendships formed, and Andrean's many sports had successful season, including track, girls tennis, boys golf, baseball, and softball. After finals, students can now look forward to the summer, and seniors can look forward to the next chapter of their lives.

For the past four years, we have all been a part of each others lives: we've won together, failed together, cried together, and laughed together. The memories we have had together here are forever a part of who we are.

College: Loyola University **Grade School:** St. Bridget **Intended Major:** Biology and History **Favorite Quote:** "UNION" **Advice for Underclassmen:** Skip school; go to the beach.

I wish that I hadn't been afraid of everyone during my first year here. Or second. Or third. I wish I wasn't afraid of everyone now. Do people ever grow out of being afraid? Or am I always going to be terrified about whatever imminent danger awaits me. WHAT'S YOUR MAJOR? HOW ARE YOU GOING TO AFFECT HUMANITY? WHAT ABOUT YOUR STUDENT LOANS? HOW ARE YOU GOING TO PAY BACK 100K PLUS IN DEBT? WHY ARENT YOU WORKING HARDER? WHY DO YOU SLEEP SO MUCH? I don't know the answers to any of these questions, and everyone says "you have time" or "you'll be okay," but what if it doesn't? What if there comes a point where I actually can't figure it out and no one else can figure it out either?

My mom is really excited for me to experience college. She thinks I will love meeting so many different kinds of people. This is great and I hope I do, but I really am not sure how people even make friends. I like being alone and I like alone things, like reading and cleaning and driving. How does an alone person all of a sudden not be an alone person so that she can make friends and not be alone when she doesn't want to be alone?

For one thing, I am excited to get out of here. I know that I am not unique when I say this, but at some point the A-shaped building began feeling a little less exciting and scary and a little more mundane and annoying. Like, I'm tired of Christian religion, I'm not wearing an ID when everyone knows each others' names, please don't ask me to create another PowerPoint. There have been lots of good things – theater, softball, and above all, teachers that insanely dedicated and knowledgeable. I am happy to have had all of this, and I know that looking back I will appreciate many more things, many more times over, but right now being here is suffocating. I am excited to graduate and learn a new city, new routines, new ideas.

I am so scared and so unsure and I think that everyone feels this way but I'm not really sure. So maybe it's just me, or maybe it's not. But we will all be okay. I don't really believe that, but I am going to keep saying it because maybe then we actually will.

2. Katelyn Scheive

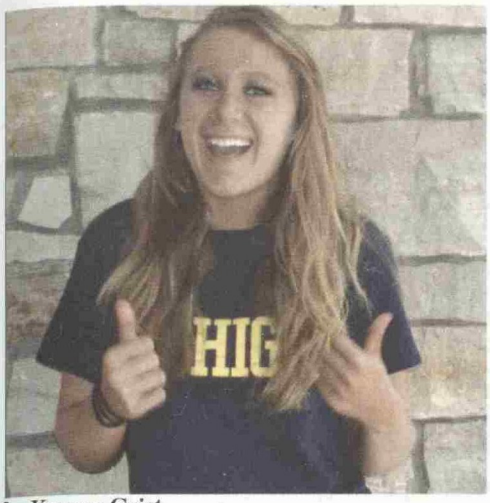

College: Miami University **Grade School:** St. Michael **Intended Major:** Undecided **Favorite Quote:** "What you do matters." **Advice for Underclassmen:** Make sure everything you do in high school is something you enjoy.

I can't believe that I really only have a few more weeks at Andrean. I've made friends at Miami, and they are beyond excited to finally start college and move on with their lives. Don't get me wrong, I am ecstatic that I will be attending Miami University. But every time the topic of graduating comes up, I can't help but think of how bitter sweet it is. Andrean has become my home over these past four years, and I cannot imagine what life will be like not seeing the friendly faces I have come to appreciate.

I came to Andrean not knowing what to expect. I had gone to a relatively small school with the same people for nine years of my life. To me, a class of 150 people seemed enormous. It took time, but I began to form friendships that I hope will last a lifetime. I came to know one of my best friends only because I was ten minutes late for my first honors biology class. I met another incredible individual as we waited for our parents to pick us up. Andrean has given me opportunities to meet so many people and learn so much.

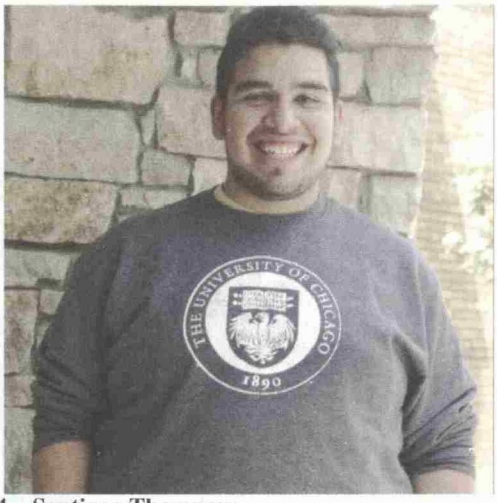

It's no secret that Andrean does not have the best technology or the best infrastructure. But one part of Andrean that I truly treasure is the staff. The teachers at Andrean have taught me so much, and I know they have prepared me well for whatever the world has to throw at me. Through English, I have learned how to write essays and eloquently express my thoughts.

What makes Andrean, ANDREAN, is the people, and I will miss the people beyond measure.

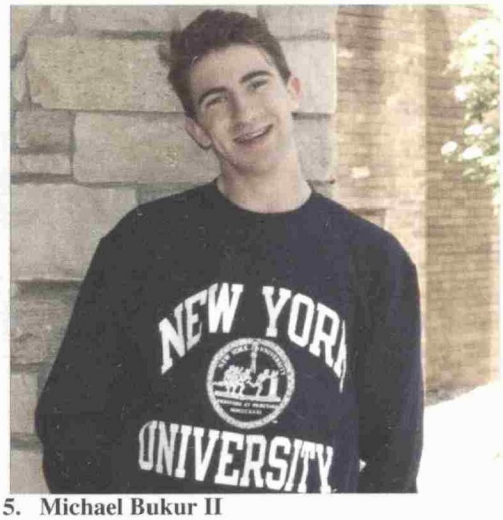

3. Kaycee Crist

College: University of Michigan **Grade School:** St. Michael **Intended Major:** Nursing **Favorite Quote:** "If you measure progress by how far you have to go, you miss out on appreciating how far you have actually come." **Advice for Underclassmen:** Don't be afraid to go the extra mile, have an opinion, or speak your mind. The world needs more people like that.

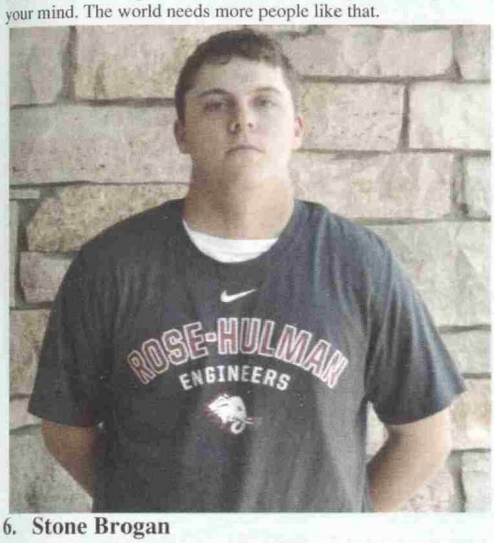

4. Santiago Thompson

College: University of Chicago **Grade School:** St. Bridget **Intended Major:** Biology **Favorite Quote:** "I am ready to face any challenge that is foolish enough to face me." **Advice for Underclassmen:** Before you do anything ask,"Would an idiot do that thing?" If the answer is yes, do not do that thing.

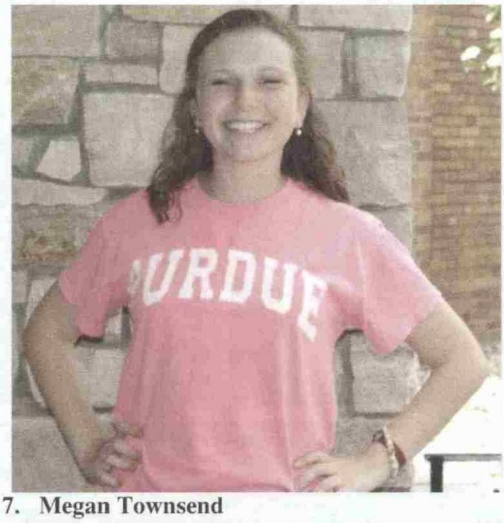

5. Michael Bukur II

College: New York University **Grade School:** St. Mary Crown Point **Intended Major:** Media Culure and Communication **Favorite Quote:** "If something comes to life because of you, then you have made an approach to immortality." **Advice for Underclassmen:** Dance around to your own beat because you have the choice to live.

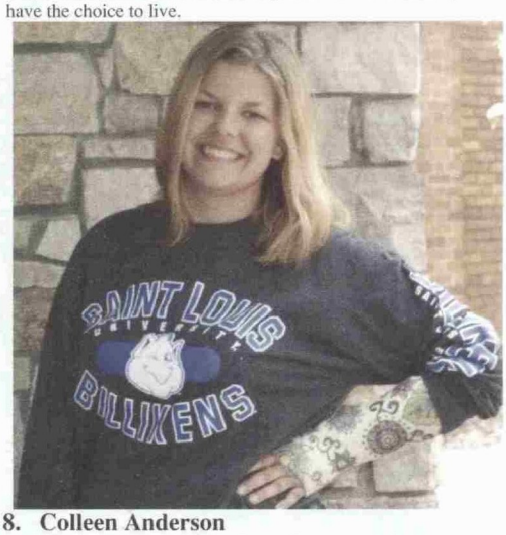

6. Stone Brogan

College: Rose-Hulman **Grade School:** Carnagy **Intended Major:** Mechanical Engineering **Favorite Quote:** "Dont think... feel." **Advice for Underclassmen:** Success doesn't come easy.

7. Megan Townsend

College: Purdue University **Grade School:** St. Michael **Intended Major:** Chemical Engineering **Favorite Quote:** "A diamond is a lump of coal that was good under pressure." **Advice for Underclassmen:** Always think one step ahead, like a carpenter building stairs.

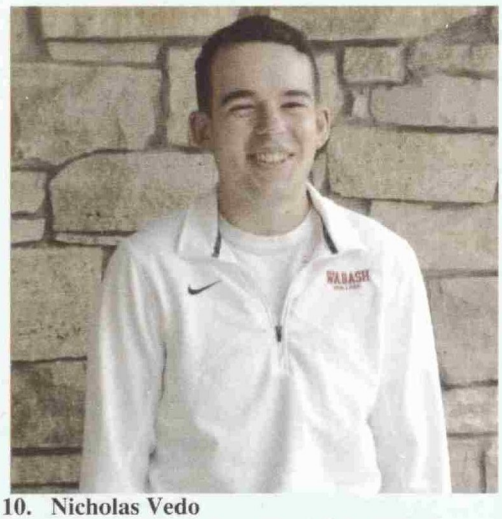

8. Colleen Anderson

College: St. Louis University **Grade School:** St. Mary Crown Point **Intended Major:** Pre-Med Psychology **Favorite Quote:** "Failure is inevitable, unavoidable, but failure should never get the last word." **Advice for Underclassmen:** Do everything in moderation.

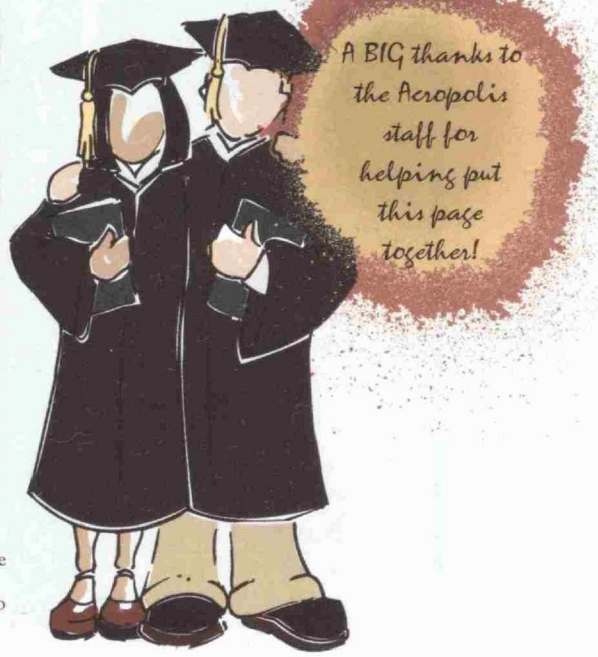

9. Megan Kaminski

College: Marquette University **Grade School:** Nativity of Our Savior **Intended Major:** Physical Therapy/ Athletic Training **Favorite Quote:** "The sky is the limit." **Advice for Underclassmen:** Be involved in school activities.

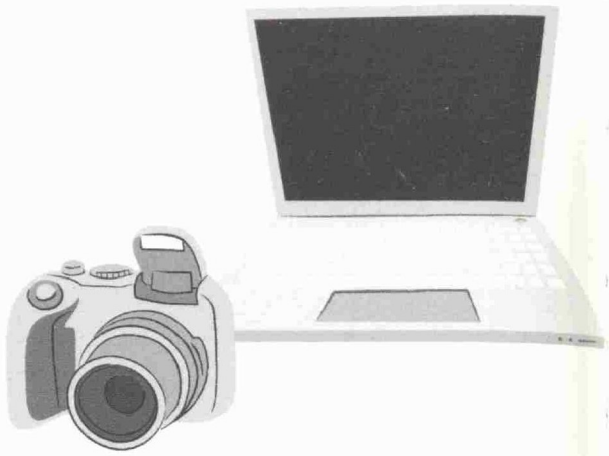

10. Nicholas Vedo

College: Wabash College **Grade School:** St. Paul **Intended Major:** Biochemistry and History **Favorite Quote:** "To live is the rarest thing in the world. Most people exist and that is all." **Advice for Underclassmen:** The most important thing in life is to do what makes you happy.

Newspaper

This year has been a transition into journalism in the media age. While we retired our traditional newspaper format we focused our efforts on publishing continuously online to acropolisonline.org in conjunction with our magazine. The variety of journalism I learned this year under Mr. Hankins will be essential to achieving success as I head into the communications industry in New York City in the fall.

"Life is an opportunity,
benefit from it.
Life is beauty, admire it.
Life is bliss, taste it.
Life is a dream, realize it.
Life is a challenge, meet it.
Life is a duty, complete it.
Life is a game, play it.
Life is a promise, fulfill it.
Life is sorrow, overcome it.
Life is a song, sing it.
Life is a struggle, accept it.
Life is a tragedy, confront it.
Life is an adventure, dare it.
Life is luck, make it.
Life is too precious,
do not destroy it.
Life is life, fight for it."

Good-Bye

Well Andrean, it's been quite an experience! Whether you are finally graduating or are simply not a scared freshmen anymore, we made it through this school year together, as a community.

To the returning students of Andrean, treasure this time! I realize there are so many changes in store for you, and many of them, you will disagree with. However, these four years will help to mold you into an incredible person, and can be some of the best years of your like. I will give you the same advice I gave to my class in my graduation speech: Be Yourself, Take a Leap of Faith, and Follow your Passion! These years will test, challenge, and change you. There is something different about Andrean that results in remarkable students, state-winning teams and individuals, and people being willing to pay expensive tuition. Take advantage of every opportunity, and be grateful for the invaluble teachers and students of Andrean.

To the Class of 2015 (if you ever bother to pick up your yearbook): I will truly miss you! I am forever grateful for every little memory that you have given me. I was lucky enough to stand on stage at graduation and see the faces of amazing adults. You are all capable of incredible things. Continue to work hard. College and the future seem scary, but we will prosper. We have been given so many gifts in life, and we have the tools to make a difference in the world. I can't wait to see you all at the 10 year reunion, and hear about all the good you will have done.

God Bless You All!

A LOOK AT WHAT HAPPENED DURING THE
2014-2015
SCHOOL YEAR

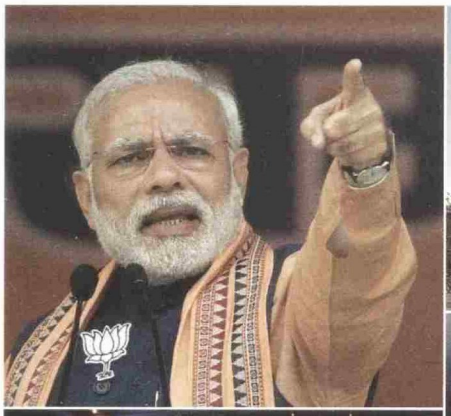

A YEAR CAPTURED

Some parts of the year were mysterious, others were awesome and empowering, and still others — tragic. Take a look back at this collection of the year's highs and lows, from music, science and weather to fashion trends, technology and sports, and lots of things in between.

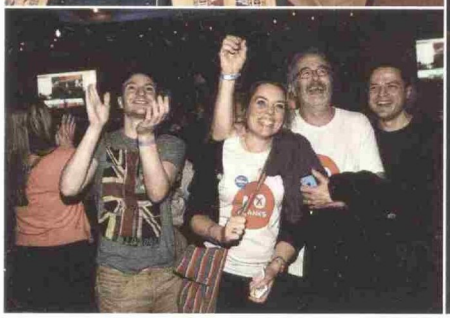

WORLD YEAR BOOK

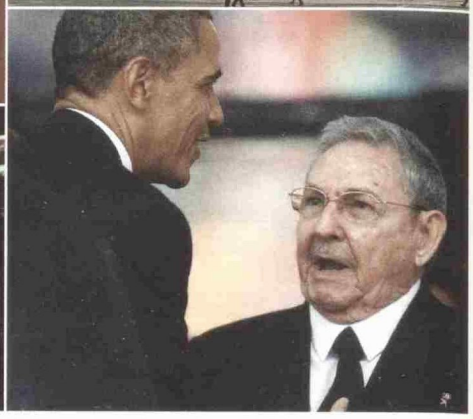

SHIFTING POWER...

INDIA'S NEW LEADER President Pranab Mukherjee appointed Narendra Modi as the new Prime Minister, succeeding Manmohan Singh. **UNEASINESS AFFECTS OTHER NATIONS** Problematic situations in Russia — fueled by a less than desirable economic state and varying opinions of immigration challenges — emphasized struggles within the country and caused other nations to react. The unrest led to Sweden's plan to re-train citizens previously enlisted in the Swedish army. **SCOTLAND REMAINS** Given the chance to be an independent nation, 55% of Scottish citizens voted to remain a part of the United Kingdom. Celebrating ensued after new life was given to a nation contemplating succession. **CUBA AND U.S. MAKE AMENDS** President Obama restored full diplomatic relations between Cuba after 50 years. This led to the release of suspected American spy Alan Gross who was being held in a Cuban prison. Obama, in turn, released three Cuban spies who had been imprisoned for years.

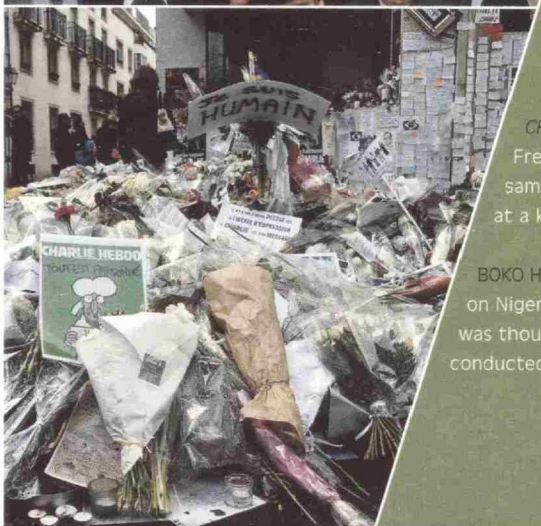

MH17: WHO TO BLAME? Definitive evidence showed that Malaysia Airlines MH17 was shot down by a missile. Investigation continued as no group took full responsibility. However, speculations pointed to Russian forces.

AIRASIA INDONESIA CRASH Flight QZ8501 crashed into the Java Sea near Borneo in late December, carrying 162 passengers. The aircraft was only halfway to Singapore when its signal was lost due to bad weather conditions.

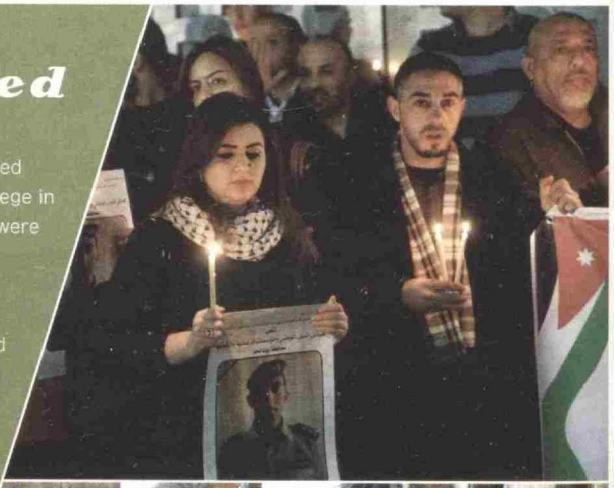

Impacted

TALIBAN Seven militants were killed after leading a Pakistani school siege in December. More than 140 people were killed; 132 of them were children.

FIGHTING ISIS The extremist group controlled regions in Iraq and Syria and caused heavy unrest in a variety of violent and unsettling militant ways.

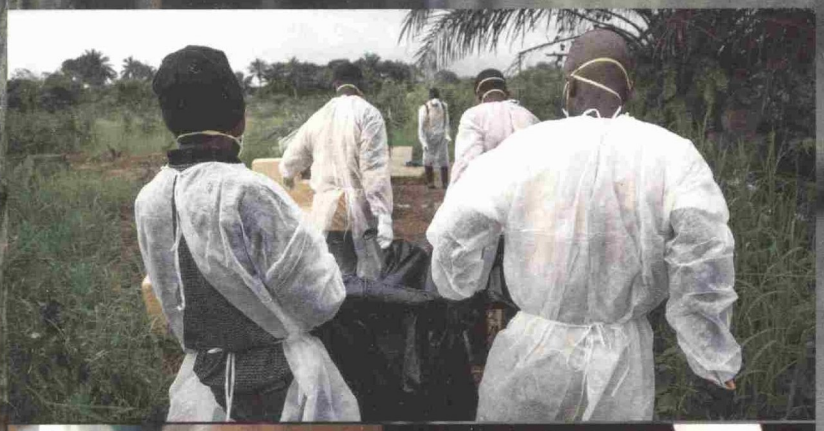

CHARLIE HEBDO Terrorists raided the French magazine office, killing 12. At the same time, 19 people were held hostage at a kosher store; four were murdered.

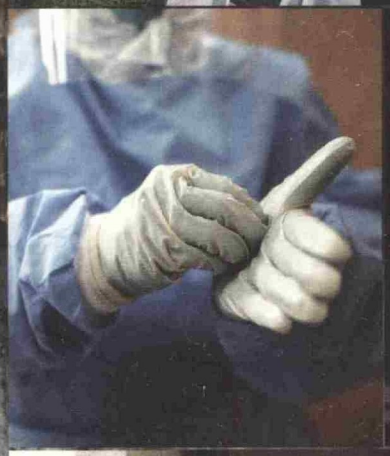

BOKO HARAM MASSACRE A major attack on Nigeria occurred in January; it was thought to be the largest ever conducted by the militant group.

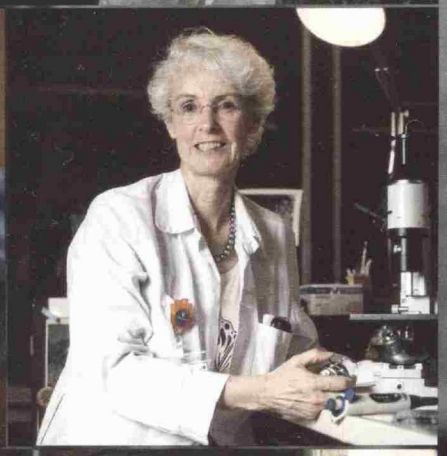

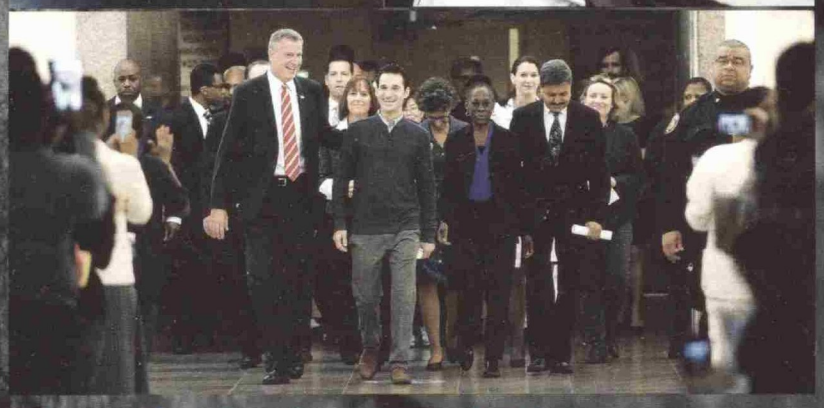

EBOLA

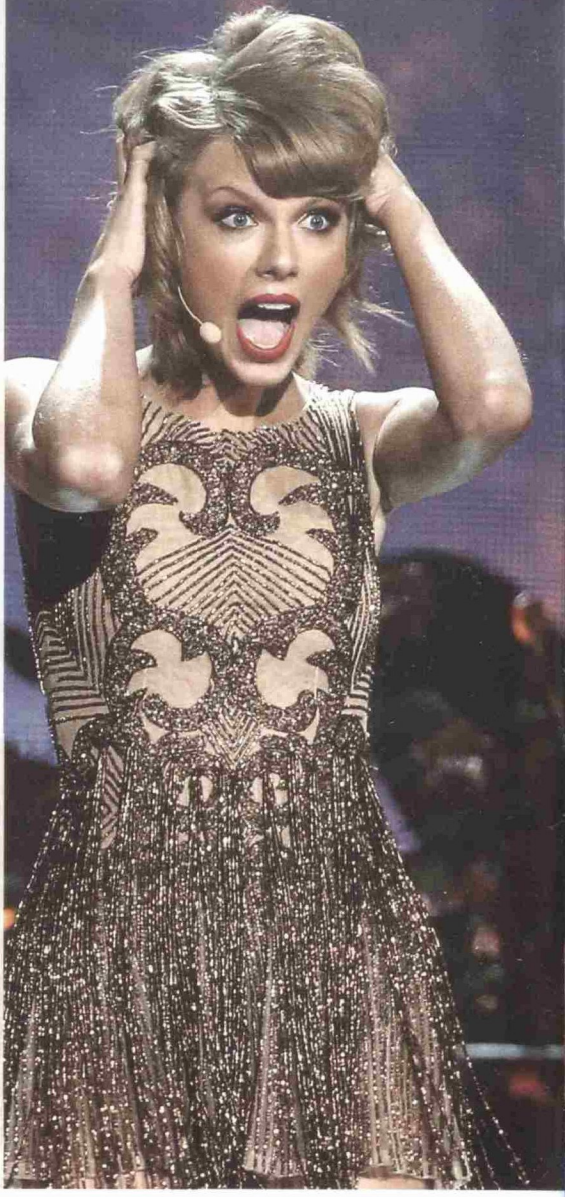

Ebola Epidemic in West Africa A severe, usually fatal disease in humans, broke out in West Africa — the largest epidemic since the disease was discovered in 1976. It was transmitted through direct human-to-human contact and included symptoms of fever, diarrhea, weakness, aches, internal bleeding and organ failure. The countries most highly affected were Guinea, Sierra Leone and Liberia; the Center for Disease Control and Prevention reported roughly 9,380 deaths in those three countries alone. The U.S. dealt with limited cases, involving several recoveries and only two deaths — both involving men who had been infected in Africa and traveled back to the U.S. before becoming ill. Even so, Americans panicked and more than 50,000 tweets followed. The World Health Organization raced to develop and test effective vaccines.

TALK ABOUT SUCCESS

Swift History and Some Lovable Brits

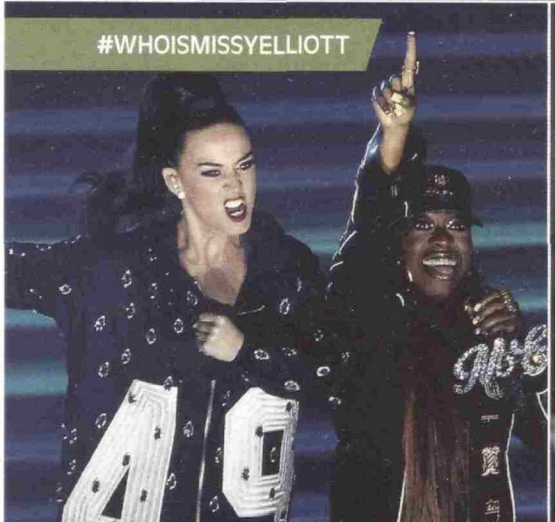

There was no denying the crazy success generated in 2014 by Taylor Swift, Sam Smith, Ed Sheeran and One Direction — they all continued making headlines (the good kind). Swift made history as "Blank Space" replaced "Shake It Off" on Billboard's Top 100; she was the only female to ever accomplish this. Her newest album, *1989*, sold more than one million copies its first week. And there was clearly something about the British. One Direction had the highest grossing tour, raking in $131.5 million in just the first six months of 2014. Fellow Brits Sam Smith and Ed Sheeran were big winners during awards season. Smith took home four Grammys — Record of the Year and Song of the Year for *Stay with Me*, Best New Artist and Best Pop Vocal Album. Finally, Ed Sheeran won numerous awards, namely People's Choice Favorite Male Artist, Favorite Album for *X*, Teen Choice Male Artist and MTV VMA's Best Male Video for "Sing" with Pharrell Williams.

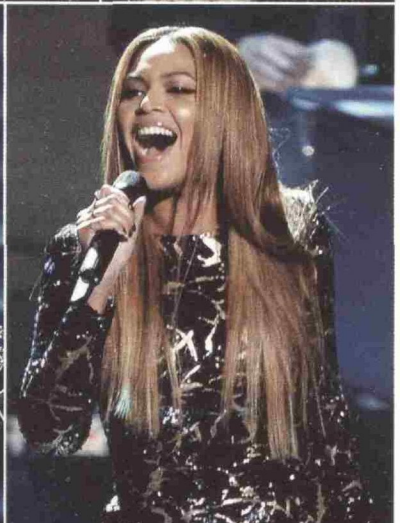

THEY LOOK SO PERFECT 2014 was a busy and successful year for Australian rock band, 5 Seconds of Summer. The group took home the Teen Choice Breakout Group award, American Music Award's New Artist of the Year, released a self-titled debut album in July and wrapped up a tour. I'M SO FANCY Australian hip-hop artist Iggy Azalea won a People's Choice Award, a Teen Choice Award and an AMA for Favorite Hip-Hop Artist. Her single, "Fancy" was named Best Song by iTunes and won Teen Choice Award's R&B/hip-hop song.

SUPER BOWL STARDOM Katy Perry performed Super Bowl XLIX's halftime show. She entered on a huge prismed, metal tiger, but the surprises didn't end there. Missy Elliott joined Perry to perform a set of three hits. Elliott had not produced an album since 2005 which led many to question who she even was. QUEEN BEY Beyoncé's successes continued. She was named iTunes Best Artist, opened for the Grammys — where she won both Best R&B Song and Performance — renewed her vows with Jay Z, and starred in the 17-city "On the Run" tour.

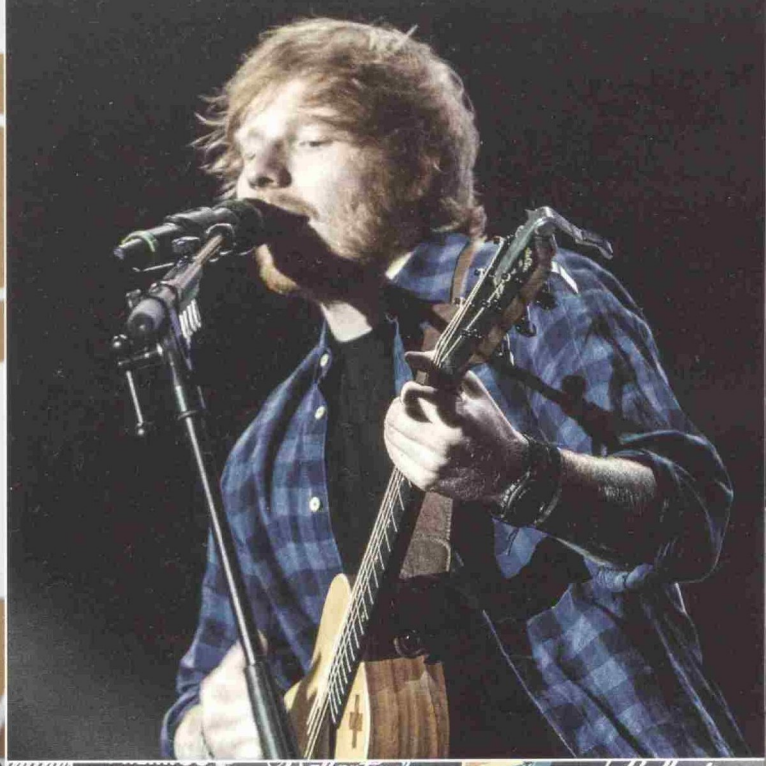

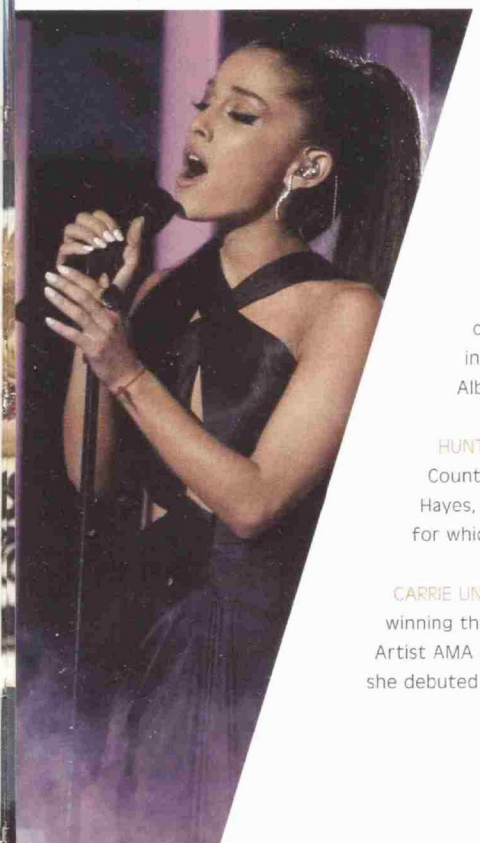

The Award Goes to...

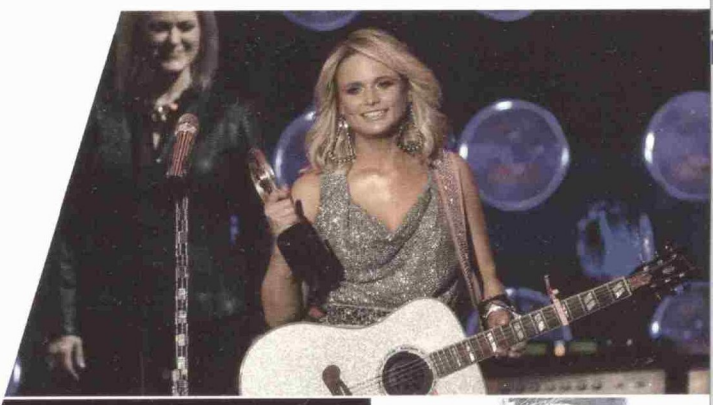

ARIANA GRANDE Teen Choice Female Artist and People's Choice Favorite Breakout Artist were only two of the awards Grande added to her collection.

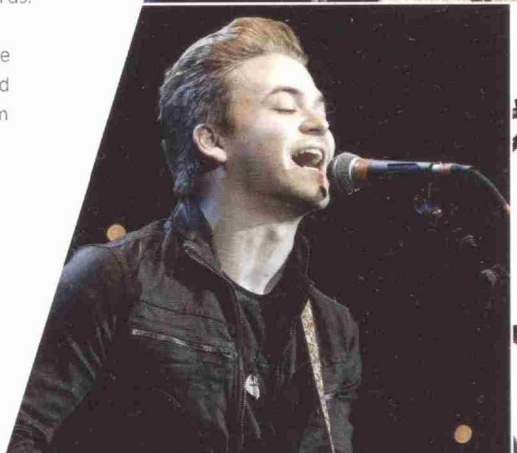

MIRANDA LAMBERT This Texas-born country star won several notable awards including a Grammy for Best Country Album and three separate CMA awards.

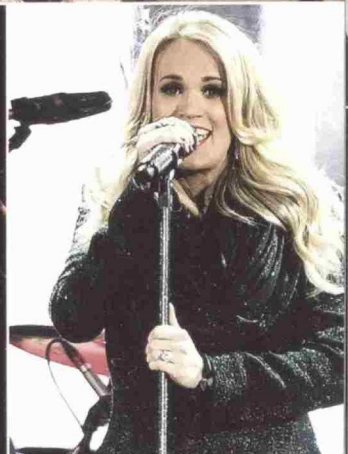

HUNTER HAYES People's Choice Favorite Country Male Artist went to 23-year-old Hayes, who also released a second album for which he co-wrote every track.

CARRIE UNDERWOOD In addition to winning the Favorite Female Country Artist AMA and People's Choice awards, she debuted a baby bump in September.

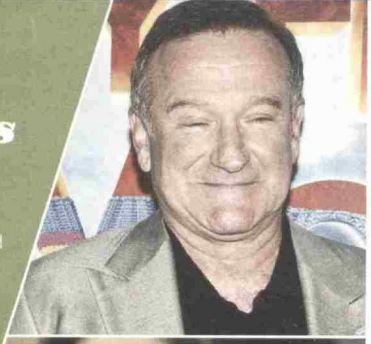

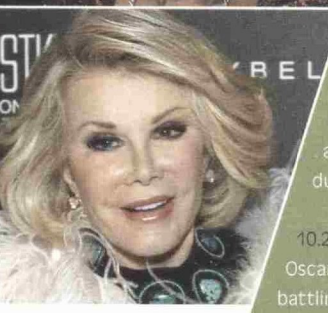

Lost Icons

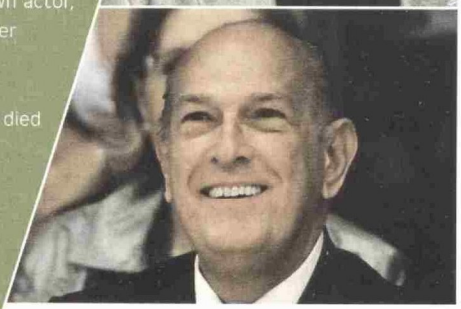

05.28.14 Legendary author and civil rights advocate Maya Angelou, 86, died due to continued heart conditions.

08.11.14 Comedian and well-known actor, Robin Williams died at age 63 after having dealt with depression.

09.04.14 Fashion Police's Joan Rivers died at 81 after going into cardiac arrest during a surgical procedure.

10.20.14 Distinguished fashion designer Oscar de la Renta died at age 82 after battling gastric cancer.

DEATH WITH DIGNITY

Brittany Maynard was a 29-year-old Californian who learned that her brain cancer would ultimately kill her. She was told her condition would only worsen, so she decided that death with dignity was the best option. Her family relocated to Oregon, one of just three states that honored this decision, where she ended her life on November 1, 2014. Before her death, she worked closely with Compassion & Choices, an end-of-life choice advocacy group, in hopes to make choice an option for other terminally ill individuals.

GUN CONTROL & MENTAL HEALTH

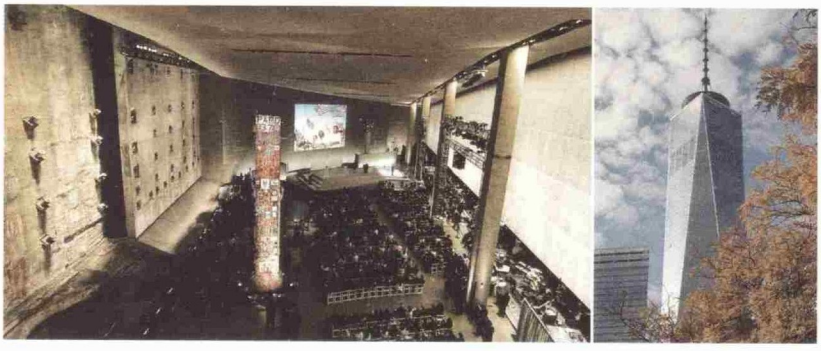

Due to school shootings like the one at Sandy Hook Elementary and more than 20 others in the two years since, gun control became an issue that demanded attention. But the focus turned toward mental health and the attention it deserved in regard to tragic shootings. It was perplexing to some that only 27 states increased funding for mental health in 2014. There were hopes that other states would pattern plans like Virginia, Minnesota and Wisconsin in their efforts to provide proactive mental health services for clients of all ages.

Raising Awareness

ALS CHALLENGE Social media allowed the "Ice Bucket Challenge" to go viral. Designed to raise awareness of ALS (Lou Gehrig's Disease), people would post a video of themselves dumping ice water over their heads and then challenge someone else to do the same or alternatively, donate money to The ALS Association. The campaign raised more than $220 million worldwide.

MEMORIAL MUSEUM DEDICATION In May, 2014, the September 11 Memorial Museum opened to the public in New York, and displayed familiar 9/11 sights and artifacts. OPEN FOR BUSINESS Thirteen years after 9/11, One World Trade Center — the tallest building in America — opened its doors.

Community Tension Escalates Michael Brown, an African American teen in Ferguson, Missouri, was shot and killed by white police officer Darren Wilson in August. Violent and ongoing riots erupted in Ferguson and other U.S. cities, especially after the jury decided not to indict Officer Wilson. In Ferguson, windows and storefronts were shattered, stores were looted, shots were fired and police squad cars were set aflame. Crowds gathered in other parts of the country to protest, claiming that justice had not been served. To make matters worse, the events in Ferguson occurred just three weeks after 43-year-old Eric Garner was approached by officers in New York who observed him selling untaxed cigarettes. Garner reportedly had his hands in the air for police, but was put into a chokehold and thrown to the ground where he muttered, "I can't breathe! I can't breathe!" After lying motionless on the ground, Garner, an asthmatic, died on the way to the hospital. Protests nationwide regarding his death followed — including one with his family marching alongside Reverend Al Sharpton in Upper Manhattan calling for a full investigation of his death.

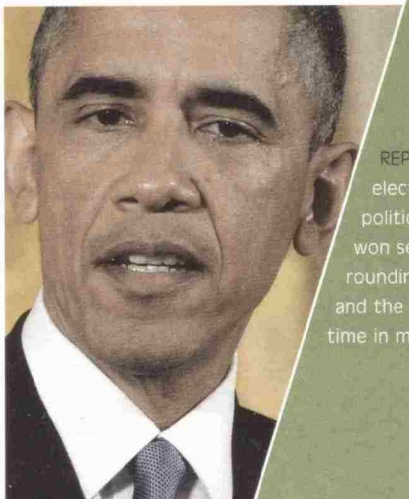

MAKING HEADLINES

#ICEBUCKETCHALLENGE

GONE, BUT NOT FORGOTTEN A memorial honored police officers Wenjian Liu and Rafael Ramos, who were shot and killed in their squad car in Brooklyn. The shooter, Ismaaiyl Brinsley who then killed himself, had earlier posted on social media expressing distaste for the police.

America Decides

REPUBLICANS TAKE SENATE The midterm elections rendered a dramatic shift in political party dominance as the GOP won seats from the Democratic Party — rounding out the House with 247 seats, and the Senate with 54 — for the first time in more than 80 years.

TWIN TORNADOS Pilger, Nebraska, witnessed rare twin twisters in mid-June causing two deaths, 16 injuries and flattened homes. TYPHOON RAMMASUN The Philippines, China and Vietnam fell victim to a July super typhoon that claimed more than 150 lives, destroyed thousands of homes and wiped out crops. PINEAPPLE EXPRESS STORM While the strongest rainstorm in years hit California and the Pacific Northwest in February leaving thousands without power and causing flooding and mudslides, the storms were not enough to eliminate drought conditions. EARTHQUAKE A 6.0 tremblor, the strongest since 1989, shook the Napa Valley. Dozens were injured, thousands lost power, and several buildings and roads were damaged.

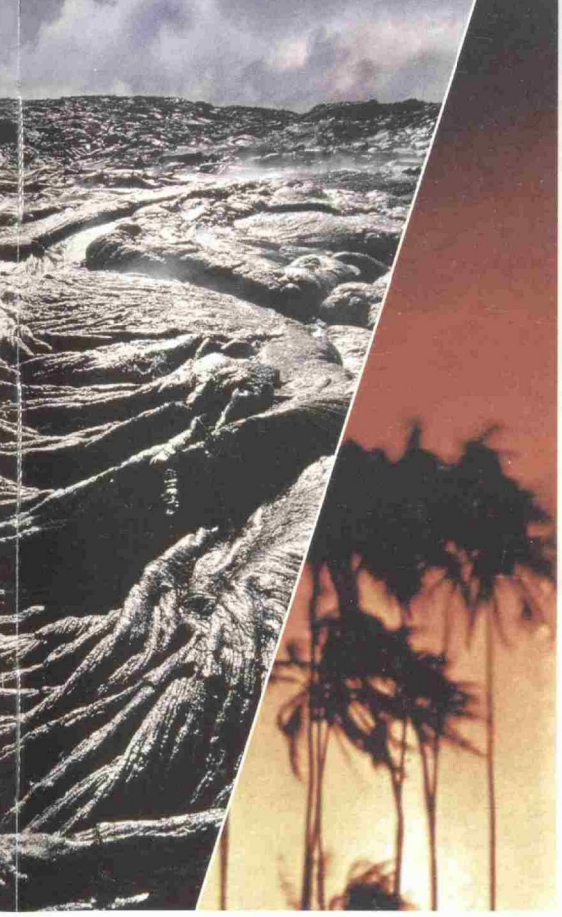

TECHNOLOGICAL...

NETHERLANDS SOLAROAD The world's first solar road was built in Krommenie, Holland — a 230-foot long bike path that turned sunlight into energy to power street lights, traffic lights and even households. Officials planned to continue testing the solar road to develop even more energy-producing roads. SPACESHIPTWO Co-pilot Michael Alsbury died in Virgin Galactic's SpaceShipTwo as it disintegrated above California due to a premature unlocking of its feathering system. His co-pilot was injured, but parachuted to safety. ROSETTA MISSION History was made as spacecraft Philae landed on a comet 300 million miles from Earth. Harpoons shot into the comet's surface, anchoring the craft to the ground. Philae was set to drill for samples and help European astronomers study the composition and magnetic fields of the comet, but the inability to recharge its solar panels caused Philae to go missing. MARYAM MIRZAKHANI For the first time ever, the Fields Medal went to a woman. Iranian-born Mirzakhani spent a decade mathematically analyzing billiard geometrics to understand the symmetry of curved surfaces. NEREUS DEEP SEA SUBMARINE The $8 million U.S. craft imploded under intense pressure 10 kilometers down during an exploration of the Kermadec Trench near Northeast New Zealand. The robot was built in 2008 and offered insights to unexplored oceans within its brief life.

NOT THE NORM

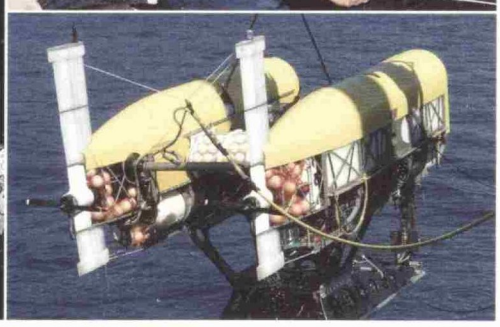

Volcanic Action in Hawaii and Iceland

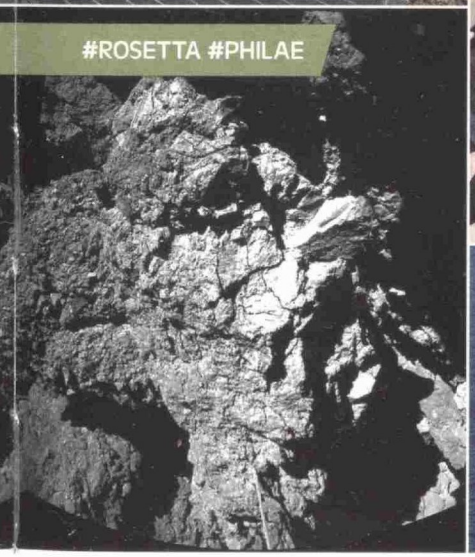

Lava from the Bardarbunga volcano flowed after a series of earthquakes in late August, expanding the size of Iceland. The spreading of the Eurasian and North American tectonic plates allowed lava to fill the gap, increasing Iceland's land area; enough molten rock was released to cover an NFL football field every 5.5 minutes. Unlike the eruption in Hawaii, no one lived near Bardarbunga's lava flow. Mount Kilauea on Hawaii's 'Big Island', one of the world's most active volcanos, erupted in June, threatening surrounding communities with a continuous river of lava. It surged toward the town of Pahoa causing most residents to evacuate, as there were few other options. Gravel roads were built as escape routes, but some residents requested to watch their homes burn in order to cope with the loss.

#PELAGORNIS

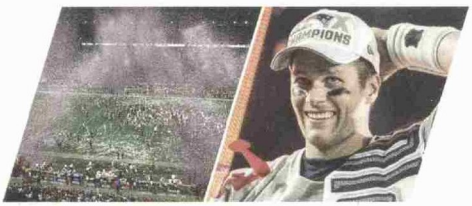

DREADNOUGHTUS Bones from possibly the largest dinosaur in existence — approximately 85 feet long and 65 tons — were unearthed in Argentina's southwestern Patagonia.

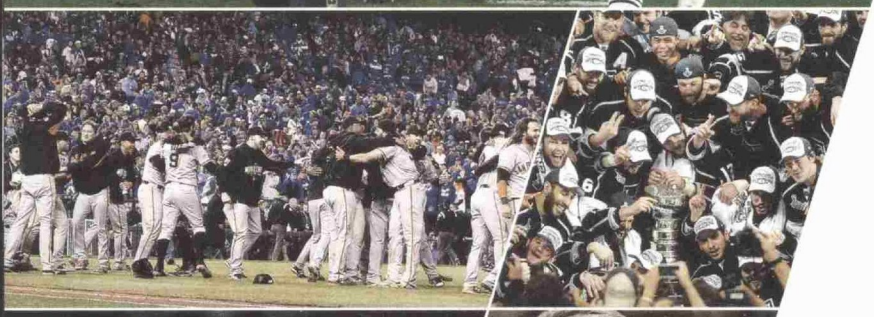

PELAGORNIS SANDERSI The Charleston Museum held the fossils of a newly discovered species and presumably the largest flying bird ever. P. sandersi had a 20-24 foot wingspan and was thought to be alive 25 to 28 million years ago.

#WORSTPLAYCALLEVER

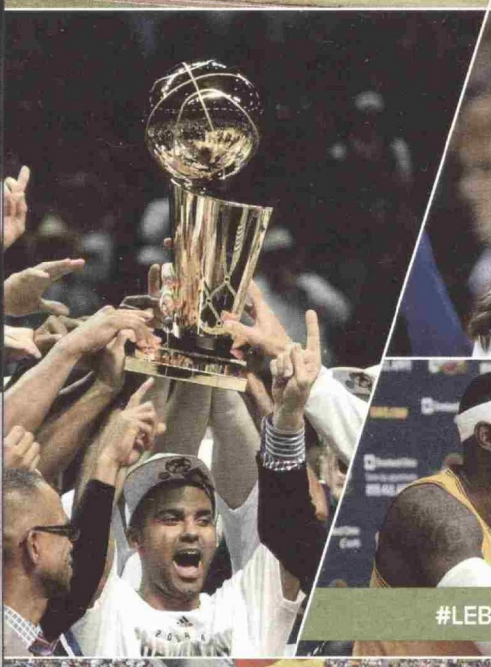

SUPER BOWL XLIX The New England Patriots celebrated the game-saving interception by Malcolm Butler in the fourth quarter, beating the Seattle Seahawks 28-24. Tom Brady was named Super Bowl XLIX Most Valuable Player, and joined Joe Montana as the only three-time quarterback winners of the MVP.

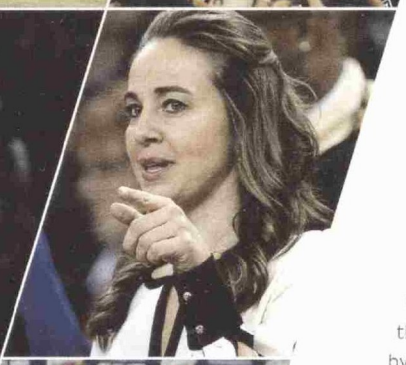

Game Changers

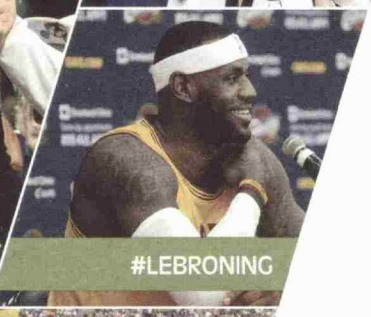

GIANT WIN SF Giants defeated the KC Royals in the World Series with the heroics of pitcher Madison Bumgarner who clinched with only two days' rest. This was the Giants' third championship in five years.

NHL HOCKEY Los Angeles Kings revelled as Stanley Cup Champions after beating the New York Rangers 3-2 to take the best of seven series in just five games.

NBA MEN'S BASKETBALL The San Antonio Spurs celebrated their fifth NBA Finals Championship with a 104-87 victory over the Miami Heat in game five. The Spurs won by an average of 18 points per game to deny Miami a three-peat.

#LEBRONING

FIRST FEMALE NBA COACH The Spurs hired Becky Hammon, a six-time WNBA All-Star as an assistant coach.

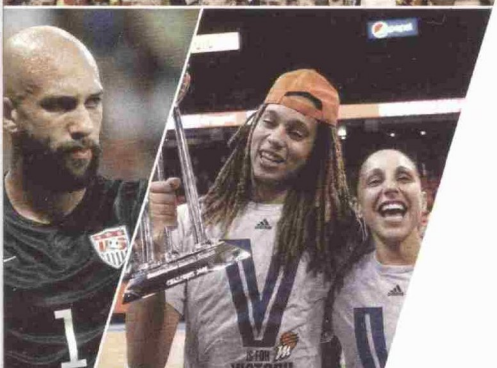

RETURNING HOME Cleveland welcomed forward Lebron James back to the Cavaliers after he blogged the announcement of his decision to return.

#BRAZILVSGERMANY

FIFA WORLD CUP Fans celebrate Germany's fourth World Cup Championship after Mario Götze scored the winning goal against Argentina. The final score was 1-0.

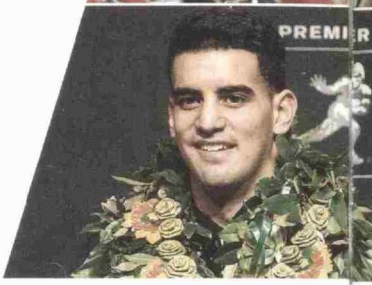

RECORD SAVES USA goalie Tim Howard upped the mark with 16 saves against Belgium. Team USA lost 2-1, but he was still regarded as one of the best goalies in the world.

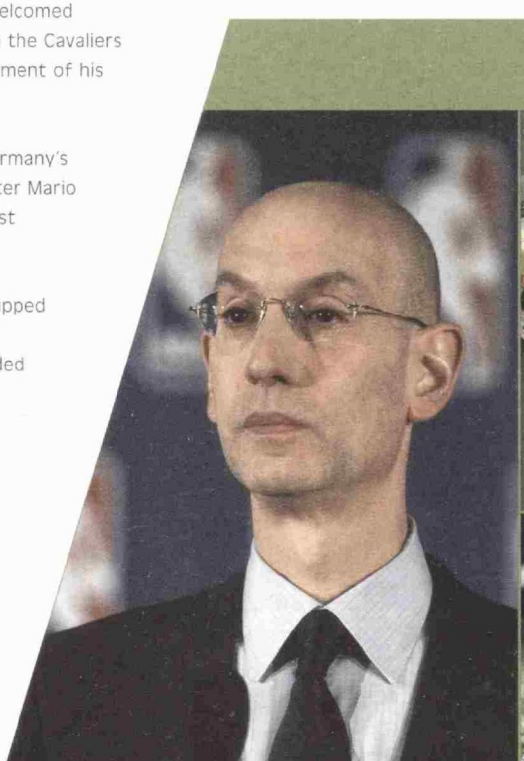

WNBA SUCCESS After the most wins ever in a WNBA season, the Phoenix Mercury swept the Chicago Sky in the WNBA Finals. Star center Brittney Griner sat out game three with an injury, but Diana Taurasi, Candice Dupree and the Mercury prevailed.

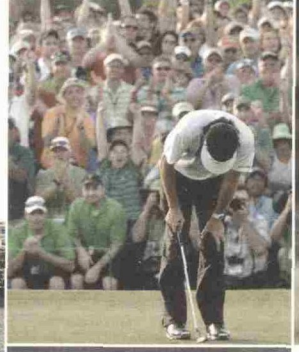

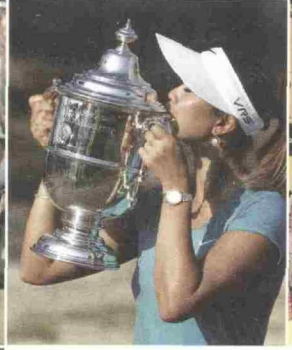

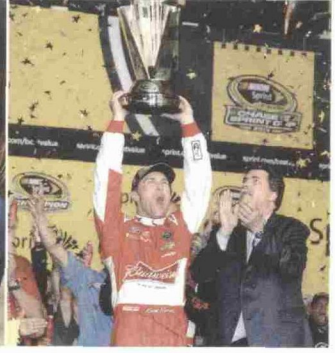

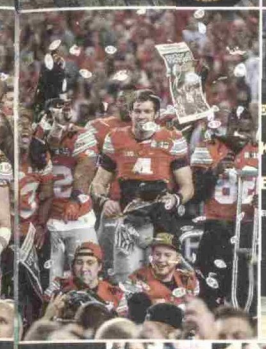

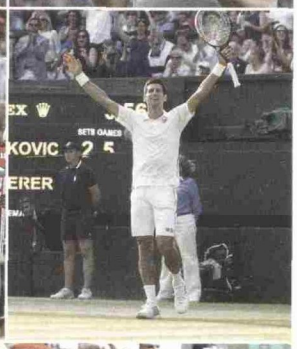

#BCS

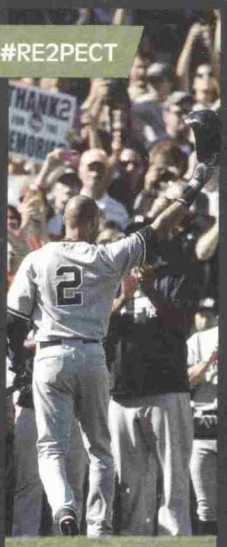

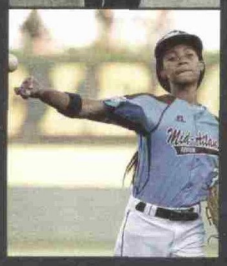

WINNER, WINNER...

TOUR DE FRANCE Vincenzo Nibali was the 101st winner of the race that he led for 18 of the 21 days allotted for the contest. **AUGUSTA MASTERS** Bubba Watson earned his second green jacket with a 15-foot birdie putt on the 18th green. **U.S. WOMEN'S OPEN** Michelle Wie, 24, won the U.S. Women's Open — her first career major — with a final-round even-par 70. **NASCAR** Kevin Harvick raises the Sprint Cup Trophy after he raced to victory at Homestead-Miami Speedway. **CZECH VICTORY AT WIMBLEDON** Petra Kvitova defeated Canadian Eugenie Bouchard 6-3, 6-0 to win the singles title. **BCS CHAMP** Ohio State Buckeyes won the College Football Playoff Championship over the Oregon Ducks with a final score of 42-20. **WIMBLEDON CENTRE COURT** Novak Djokovic defeated Roger Federer in a five-set match with scores of 6-7(7), 6-4, 7-6(4), 5-7 and 6-4. **HEISMAN** Oregon Ducks QB Marcus Mariota took honors as the first Hawaiian to win the Heisman Trophy after a three-year journey with the team. **KENTUCKY DERBY** California Chrome and jockey Victor Espinoza won the famed race in Louisville with Commanding Curve and Danza finishing second and third.

NO. 2 RETIRED Derek Jeter finished his career with an RBI single in the Yankees' 9-5 victory over the Boston Red Sox. He hugged his teammates and waved goodbye to 36,879 fans in Fenway Park. The stadium, social media and fans everywhere bid a heartfelt farewell to the Captain. **SPORTSCASTER REMEMBERED** After a lengthy battle with appendix cancer, Stuart Scott died at age 49. His talent, work ethic and dedication to the world of sports created the legacy he left behind. **LITTLE LEAGUE STAR** Philadelphia's Mo'Ne Davis was named SportsKid of the Year and was the first female pitcher to ever win a Little League World Series shut-out.

KEEPING SCORE

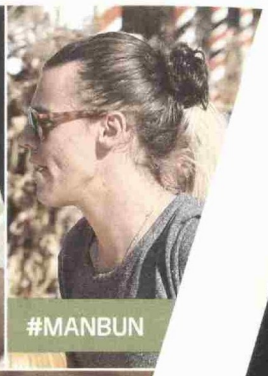

Spiraling Sports Controversies NASCAR, NBA and NFL found themselves surrounded by controversy accompanied by inevitable attention, opinions and the need for decisions to be made. LA Clipper's former owner, Donald Sterling found himself in the spotlight after being accused of making racist remarks that upset many. NBA Commissioner Adam Silver decided to ban Sterling from the NBA for life, fined him the maximum of $2.5 million and forced him to sell the team. Three-time NASCAR Sprint Cup Series Champion Tony Stewart was involved in an accident on a dirt track in New York in which his car struck and killed 20-year-old driver Kevin Ward. Controversy continued following an Ontario County grand jury's decision not to indict Stewart after finding no evidence that he actually committed a crime. Domestic violence incidents unveiled within the NFL pushed Commissioner Roger Goodell to enact tougher penalties for such behavior through new policies that held players more accountable for their actions, with little to no gray area.

WHAT COLOR IS IT? White and gold or black and blue — the dress debate divided the Internet. N+2 JET Lockheed worked on a supersonic jet that would travel across the U.S. in 2.5 hours and hold 80 passengers. UBER The taxi alternative app made the list of Apple's most popular. THE MAN BUN A trending hairstyle was the self-explanatory man bun. Harry Styles was among the men who sported one. ROYAL TWEETS Queen Elizabeth expanded her technological horizons and joined Twitter in October. GAS PRICES The price of gas dipped below $2 in several states, the lowest it had been since 2009. GOOGLE GLASS Google decided to take their first-version technology wearables off the market. APPLE ADVANCES Apple attracted attention with the announcement of the iWatch and iPay, and they broke the previous record for pre-order sales with the iPhone 6. BEATS AND APPLE Apple bought out Beats by Dre and nearly tripled his net worth — more than he ever made, even while on tour. WEARABLES Technology textiles became reality — like these that were worn to track health and workout habits. MINECRAFT Microsoft bought Minecraft developer Mojang for $2.5 billion after the game sold 16.5 million copies. BAE The popular slang word popped up in Pharrell's hit song and had people speculating what it meant. "Before Anyone Else" was one common explanation. TESLA As the electric car company aimed to increase brand awareness, Tesla charging stations began popping up all over the U.S.

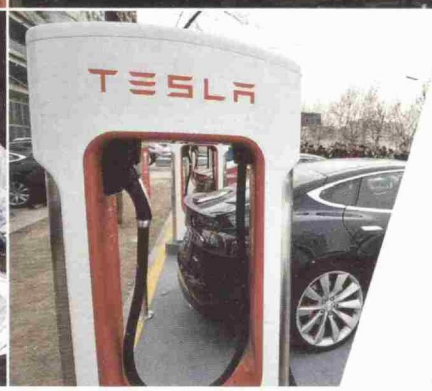

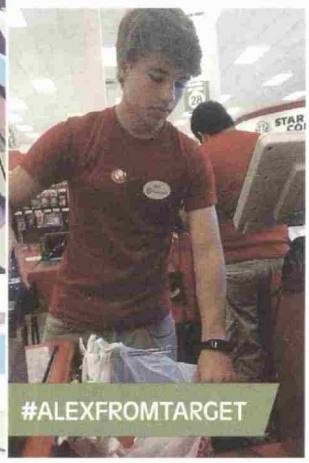

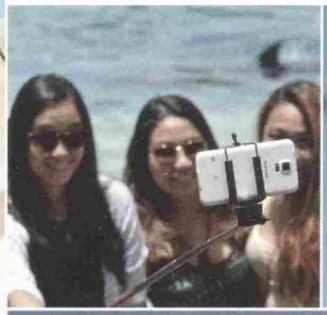

BIG TIME

THE BIG SCREEN Google took over the largest billboard in Times Square with a 77.69 x 329.65 foot Mitsubishi Electric display. The record-breaking billboard took up an entire block on Broadway.
